

```
class Game {  
    int achievementPoints = 0;  
  
    void addPlayer(Player p) {  
        achievementPoints += 10;  
    }  
  
    void start() {  
        original();  
        achievementPoints = 0;  
    }  
}
```
